TEA SELECTION

Nothing beats a cup of Bewley's Tea. A famous blend of the finest quality teas with a strong, invigorating tea rich in flavour and quality. The multi-award winning Gold Blend tea is a blend of three different origins, crafted for consistent supreme quality: teas grown on the highest slopes of Mount Kenya bring a fresh, rich flavour; tea from Assam in India adds an excellent full bodied character; and Rwandan leaves finish the blend perfectly with a glorious, deep golden colour.
