

# MARSHALL STANMORE III

## GUEST AUDIO GUIDE

### CONNECTING VIA BLUETOOTH

To enjoy your own music through the Marshall Stanmore III speaker:

1. Turn on the speaker using the power switch
2. Press the Source button until Bluetooth mode is selected
3. Press and hold the Source button until the indicator light begins flashing red
4. On your phone or tablet, open Bluetooth Settings
5. Ensure Bluetooth is turned on
6. Select “Stanmore III” from the list of available devices
7. Once connected, the indicator light will stop flashing

You are now ready to enjoy your music

### HELPFUL TIPS

- If the device does not appear, ensure the speaker is still flashing red (pairing mode)
- Move closer to the speaker for the best connection
- If already connected to another device, disconnect it before pairing

### ENJOY YOUR STAY
